

LEVEL FUNDING

know what you owe

Level FundingSM from Cigna is an innovative self-funding solution. It combines financial predictability and the control and information you want, with an opportunity to benefit from a favorable claims year. Cigna's self-funding solutions have been working for 25 years, proving to companies with fewer than 250 employees* that it's possible to improve the health of your company and save money when claim costs go down.

LEVEL FUNDING

An effective self-funding solution with a five-year history to prove it.

GO YOU

WHY LEVEL FUNDING HAS BEEN SO SUCCESSFUL:

Surplus credit

When actual claims are less than projected, the company receives a credit¹ – this is money back directly.

Payments don't fluctuate

Monthly costs are based on the number of covered employees and cover all claims,² premiums and fees.

No costs after termination

There are no additional expenses after termination, so you know your all costs up front.

Client-specific claims reports

Every client has direct access to reports that track exactly how claims dollars are being spent.

Tailored plan design

Clients can tailor their plan design and choose from both traditional and account-based health plans.

HOW DOES LEVEL FUNDING WORK?

- Self-funded plans are governed only by the federal Employee Retirement Income and Security Act (ERISA) which allows Cigna to offer your employees the same tailored benefits in multiple states.
- Plan administrators enjoy an integrated, easy experience because Cigna pays all claims and decides all appeals.
- Individual and aggregate stop-loss financial protection set maximum monthly costs to protect you from catastrophic claims situations, and are standard for every client.
- Customers have access to the broad proprietary Cigna network of hospitals and physicians.
- Specialty case management, utilization management and disease management programs help individuals with chronic or acute conditions improve their health and lower related costs.
- A health improvement strategy team works with each client to create and implement programs that work best for that company and its employees.
- An experienced team of experts from implementation, client services and account management is ready to promptly respond and resolve administrative issues.

With Level Funding, you can navigate the changing employee health benefit landscape.

Ask yourself:

Did you receive reports on how your company's health care dollars are being spent?

Was your last health plan premium renewal backed up with your company's own claim experience and utilization data?

Do you have the ability to design a benefit plan that suits your employees' needs?

Are you receiving money back from your current plan when claims run lower than expected?

Self-funding dental

Cigna has introduced a wide variety of self-funded dental plans with Cigna's largest national discounted Dental PPO network.³ Cigna dental plans focus on prevention and include a 1% discount on medical claims when you buy both Cigna coverages. Cigna is dedicated to individuals' oral and overall health and can deliver sustainable cost control through improved health and productivity.
